Washington SmartCEO Announces the 2014 Voltage Award Finalists

26 companies in Washington to be recognized in SmartCEO's Voltage Awards

Washington, DC (3/5/14) — Washington SmartCEO and Title Sponsor Kaiser Permanente are pleased to announce the 2014 Voltage award finalists. These DC-based companies collectively generate more than \$360 million in annual revenue and employ over 1,635 individuals. This year's finalists will be profiled in the May/June issue of *SmartCEO* magazine and celebrated at an awards ceremony on May 20, 2014 at the National Press Club, where the winners will be announced live.

Please see below for a complete list of finalists and for program details. To share in the excitement leading up to the event, follow us @SmartCEO #VoltageAwards.

“It’s no secret that the evolution of technology is what drives business forward. These companies are pushing the limits of innovation — streamlining processes, finding efficiencies and discovering the next great product,” says Jaime Nespore, Regional President of SmartCEO Media. “Sharing their stories is a humbling experience as these companies are the catalysts for our region’s growth and prosperity.”

The Voltage Awards program celebrates technology innovators and implementers — champions of the role technology plays in the business community and drivers of the technology sector. The finalists are recognized for their creative vision, strong leadership and innovative solutions.

About SmartCEO

SmartCEO’s mission is to educate and inspire the business community through its award-winning magazine, connections at C-level events and access to valuable online resources. SmartCEO’s integrated media platforms reach decision makers in the Baltimore, New York, Philadelphia and Washington, metropolitan areas.

About the Voltage Awards

The Voltage Awards celebrate the ever-increasing role that technology plays in the business community and the impact the technology sector will have on economic growth. The program

recognizes leading technology innovators and implementers. These are organizations that are developing new technologies that improve operational efficiencies (technology innovators) and organizations that are using technology to enhance their competitive advantage (technology implementers). Each year, an independent committee of local business leaders selects finalists based on the quality of nominations submitted. The Voltage award finalists are profiled in the May/June issue of *SmartCEO* magazine and celebrated at an awards reception in May, where the winners are announced live.
